

HENRI  LLOYD

WORKBOOK 2025

INTRO - DUCTION

I am proud, honoured, and excited to share with you the Spring/Summer 2025 Henri-Lloyd collection. Having grown up with Henri-Lloyd, I've always regarded it as the benchmark for performance sailing gear and apparel, both on and off the water. Our unmatched energy, focus, and dedication to continuing our legacy and shaping the future drive us to create the best sailing gear available—nothing less. And we also aim to provide our customers with an exceptional lifestyle range, with the brand's DNA and commitment to performance woven through it. I am proud of the efforts our team, suppliers, and manufacturers have made to fulfil this promise sustainably, prioritising quality, innovative fabrics, and eco-friendly packaging.

We look forward to partnering with you throughout 2025 and bringing the iconic Henri-Lloyd brand to more customers across the world.

Knut Frostad
Executive Chairman

DRI PRO FABRIC TECHNOLOGY

25 Years of Testing, Millions of Miles Sailed. Worn by sailors in the world's harshest environments, **DRI PRO** is a family of responsible performance materials that are 100% Waterproof, 100% Windproof and Breathable with high strength to weight ratios, meaning you can enjoy trusted waterproof protection whilst still able to perform.

DRI SHELL FABRIC TECHNOLOGY

Our **DRI SHELL** fabrics take all the knowledge and expertise from our **DRI PRO** range into products that can be used 365 days a year. Rugged enough for the work on the water with the comfort demanded onshore.

DRI FAST FABRIC TECHNOLOGY

Our **DRI FAST** fabrics are recycled, extremely fast drying with UV50 protection and an anti-microbial finish for freshness. Wear as your only layer in warm conditions, or as a base layer for a complete breathable system.

OPTIVISION

OPTIVISION HOOD SYSTEM

Exclusive to **HENRI-LLOYD**, the system gives excellent peripheral vision in racing and cruising situations. Perfect for windward or lee-ward vision pre-start or rounding the marks to give you that all important tactical advantage.

100% WATERPROOF

Garments are fully waterproof.

100% WINDPROOF

Garments are fully windproof.

WATER RESISTANT

Garments are water resistant.

BREATHABLE

Breathable fabric to keep the wearer dry and comfortable for longer

HIGH BREATHABILITY

Highly breathable fabric reduces internal condensation to keep the wearer dry and comfortable for longer. Fabric transports both vapour and moisture.

EXTREME BREATHABILITY

Extremely breathable fabric reduces internal condensation to keep the wearer dry and comfortable for longer. Fabric transports both vapour and moisture.

UNLINED

No secondary linings give lighter garments, increased comfort and breathability and reduce inter layer binding and drying times.

ERGONOMIC DESIGN

Garments are designed to be shaped to your body allowing easier movements and increased comfort.

DWR

Fabric is coated with a durable water repellent finish that helps shed surface water.

DRI FAST FABRIC

Extremely fast drying fabrics.

TAPED SEAMS

Special heated backing tape applied to garment seams to provide total protection against water penetration.

HIGH STRETCH

Garments designed using highly flexible fabrics for increased freedom of movement.

REINFORCEMENT

Garments have reinforcement fabric at critical areas of high abrasion.

FLATLOCK SEAMS

Seams that are sewn flat means less bulk for abrasion against skin.

HIGH WICKING

Garments that transport the wearer's body moisture out over a high surface area to accelerate drying time.

SILVER ION TECHNOLOGY

Antimicrobial finish with odour control. Silver ions in the fabric stop bacteria from forming.

Fabric with a built in barrier to protect your skin by reducing the harmful effect of the sun's rays.

ELITE JACKET
P241101001

Born from over six decades of cutting edge product and fabric development, the Elite range has been engineered from our 3-Layer DRI PRO Fabric. It meets the demands of sailing professionals and serious enthusiasts and will excel in extended and extreme sailing conditions. The Elite jacket is designed for all-day year-round offshore sailing. Developed in conjunction with the world's elite sailing professionals to deliver unrivalled performance.

FEATURES

- 3-Layer DRI PRO fabric construction with Cordura reinforcement on drop seat to protect in the most extreme of environments and give long lasting performance.
- Reflective Union Jack patches with photoluminescent backing located on throat tab, cuffs and rear of collar for 360 degree crew visibility in low light situations.
- Reflective detailing on pockets, seam edges and logos, offering extra visibility in low light or night sailing environments.
- Elite Optivision hood and collar system, providing best in class peripheral vision and protection, including integrated drainage system, directing water flow away from hood peak.
- High collar design with a fleece neck lining provides all round protection and comfort in the worst of conditions.
- Quick pack elasticated hood pouch for easy access and speedy stowage of hood when required.
- Internal waist and hip adjustment cords to help ensure a close fit when required.
- 7 pocket design. Soft and comfortable double fleece lined hand warmer pockets. Top and side access cargo pockets with envelope design to protect from water ingress and provide great storage, plus one external and one internal accessory pocket for other personal equipment stowage.
- Cordura reinforcement on tail drop, offering maximum protection and durability when sitting or working on deck.
- Unlined to speed up drying time and reduce overall weight.
- Adjustable hook and loop closure cuffs with grip tab for easy use in cold, wet conditions.
- Inner lining features slide glide technology for quick and easy donning and doffing of layers and providing excellent freedom of movement against different fabrics.
- Fleece lined chinguard limiting irritation and maximising next to skin comfort when collar is fully closed.
- Central storm flap protects and directs water away from zip and off of jacket.
- Internal adjustable Dartex® cuff, limiting water ingress and adding a second layer of protection against wind and water.
- Back external hanger loop for easy hanging when not in use.

ELITE DRY TOP
P241111001

Born from over six decades of cutting edge product and fabric development, the Elite range has been engineered from our 3-Layer DRI PRO Fabric. It meets the demands of sailing professionals and serious enthusiasts and will excel in extended and extreme sailing conditions. The Elite Dry Top is designed for all-day year-round offshore sailing. Developed in conjunction with the world's elite sailing professionals to deliver unrivalled performance.

FEATURES

- The latex collar and cuffs help eliminate cold water ingress when you need to get to work on a sail change or a task on deck.
- 3-Layer DRI PRO fabric construction with taped seams.
- Full neoprene waist with hook and loop adjustment tabs provides superior protection.
- Reflective Union Jack patches with photoluminescent backing on chest and arms for excellent crew visibility in low light situations.
- Reflective detailing on pockets, back of sleeves, seam edges and logos, offering extra visibility in low light or night sailing environments.
- Unlined to speed up drying time and reduce overall weight.
- Inner lining features slide glide technology for quick and easy donning and doffing of layers and providing excellent freedom of movement against different fabrics.
- Large kangaroo pocket to keep personal equipment and tools safe and close to hand with envelope hook and loop closure and drainage hole, with fleece lined side entry hand pockets helping keep hands drier and warmer, next to the body when on long passages.
- Advanced raglan sleeves reduce the number of seams, and redirects water away from the body.
- Zipped EPIRB arm pocket to keep radio secure and easy to access whilst protected from water.
- Back external hanger loop for easy hanging when not in use.
- Loop feature on hem, gives quick and easy control over adjustment allowing for comfortable and customised fit.
- Flex-Strap engineered from medical tape allows for comfortable fit.
- Internal pocket features brushed dot-mesh to stop water absorbing.

DYNAMIC MOTION with DRI PRO TECHNOLOGY

NEW PRODUCT

DYNAMIC JACKET
P251101002

Engineered from over six decades of technical expertise and innovation, Henri-Lloyd's Dynamic Motion jacket sets a new standard in sailing apparel. Crafted from our exclusive 3-Layer DRI PRO fabric, this jacket combines style and functionality in a minimal, elegant, and streamlined design. It boasts tone-on-tone reflective strips and logos, tone-on-tone branded zippers, a back panel bias-cut for maximum stretchiness, and an ergonomic design for superior comfort and performance. With exceptional waterproofing and breathability, this jacket is designed to meet the demands of professional sailors and serious enthusiasts alike, ensuring unrivaled performance in extreme sailing conditions. Sustainably sourced materials ensure exceptional performance without compromising on environmental responsibility, making the Dynamic Motion jacket the ultimate choice for those who demand the best in sailing apparel.

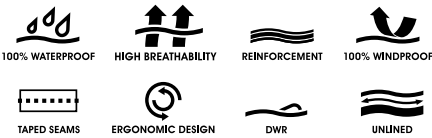

FEATURES

- 3-Layer DRI PRO lightweight stretch, highly breathable waterproof recycled fabric - PFC free hydrophilic PU membrane.
- Stretch fabric for freedom of movement.
- Articulated sleeves.
- Back body panel fabric, bias oriented to have the maximum stretchiness.
- Detachable hood with hidden hood-collar zip, drainage channel and glued peak with reflective strip.
- Internal collar lined with brushed micro-holed fabric.
- YKK® Aquaguard® zip with non-corrosive waterproof zip puller and word-mark branded zipper.
- Micro fleece lined chin guard for ultimate comfort.
- Special DNA triangular zip puller string.
- Flex strap cuff adjusters with silicone embossed details for the best fastening and maximum comfort.
- Orthopaedic medical tape at cuff tabs for a better comfort and optimal fastening.
- Side hand pocket brush fabric lined (micro-holed) with two internal pocket bags.
- Waterproof taped seams.
- Pocket drain holes.
- Asymmetric sleeve ending with reflective strip.
- Dip back seat hem for further coverage.
- New "Breeze Clip" allows for full ventilation whilst stopping jacket blowing free.
- Embossed back H-hanger loop for decreased drying times.
- Internal flex mesh pocket.
- Bottom hem adjusters.
- Reflective prints.

BISCAY JACKET
P241101002

Inspired by the iconic Biscay jacket, this product is a true coastal / offshore companion, built to withstand all conditions. The Biscay Jacket is feature packed ensuring comfort and protection for longer days at sea, whilst further away from safe harbour.

FEATURES

- A high storm collar with fleece lining and zip chin guard offer full face protection in the worst of weathers.
- Seven pockets including double fleece lined hand warmer pockets give comfort to cold hands, close to your core.
- Further protection is provided from a double storm flap and the double cuff design helps shield running water and cooler air from entering the jacket and the laminated outer cuff adjuster with hook and loop closure adds to its durability. The inner PU cuff gives a soft, next to skin, waterproof barrier.
- The easy to store, adjustable, hi visibility hood includes a drainage system to take running water away from the peak.
- Two large Union Jack reflectors offer user visibility in low light sailing or dark MOB situations.
- Hidden internal zip for easy branding applications for race teams and businesses.
- A 2-Layer recycled PFC free DRI PRO shell with taped seams guarantees all day protection from any weather.

COASTAL HI FIT

P241110002

A Hi-Fit you can trust and designed to used with either the Biscay or Sail Jackets. Engineered for all-round protection during coastal and inshore sailing, the Coastal hi-fi t boasts innovative side panels for significant extra comfort, flexibility and temperature control when wearing all day long. The taffeta lining protects the watereproof layer whilst offering easy donning and doffing with no inter-layer grab.

FEATURES

- The Cordura® reinforced knee, rear and heels ensure long-term robustness and durability whilst on deck.
- Lined chest pockets are easy to access, helping keep hands drier and warmer, next to the body when on long passages.
- Reflective Henri-Lloyd logos add visibility in low light situations.
- Elasticated and adjustable hook and loop shoulder straps give freedom of movement and adjustability when changing layers underneath.
- Dual waist adjustment provides a snug fit where required.
- Heavyweight non-corrosive Vislon® AquaGuard® centre zip for easy and durable closure.
- A 2-Layer recycled PFC free DRI PRO shell with taped seams guarantees all day protection from any weather.

FOREMOST SHELL JACKET
A252151004

Inspired by the original Portland jacket, this modern interpretation is intrinsically linked to Henri-Lloyd's sailing roots. Fully waterproof, windproof, lightweight and breathable with embroidered self patch on left chest. Ripstop fabric used on the top part of the jacket features Seawastex® yarns, crafted from discarded marine nylon waste, primarily sourced from abandoned fishing nets. Henri-Lloyd strives to source the highest quality waterproof fabrics from around the world combining performance, sustainability with unique natural hand-feel. Using 2L fabric with mesh lining for additional breathability and cut with a half armhole giving unrestricted movement and comfort. Key functional sailing details include hood with front and back adjusters for ultimate function, original Henri-Lloyd Trapezoid Zip Puller at top of 2 way opening YKK Aquaguard® waterproof zip, external hanging loops on outer back neck or hanging wet waterproof jackets to dry.

FEATURES

- Fully Waterproof, Windproof, Lightweight, Breathable.
- Fully Seam-Taped.
- 2 Layer fabric (Shell + membrane)
- 10,000mm Waterproof (JIS-L1092A)/4000 breathability (JIS-L1099A1) main body fabric.
- Durable water repellency CO and PFC Free.
- Two hand pockets with dual entry, fleece lined pockets.
- Fully adjustable hood, hem and cuffs.
- Original Henri-Lloyd Trapezoid YKK 2-way Aquaguard® water resistant centre front zip.
- Sailing inspired navy and white adjuster shockcords.
- Front and back hood adjusters.
- External hanging loops on outer back neck.
